Set-Up of the Core

! Standing trap:

If you want to set-up a standing trap, proceed with mounting the tripod, see [page 7, #12](#)

7

8

9

10

11

! Proceed with the optional rains-
hield, see **page 8, #18**

Option: Standing Trap - Mount the Tripod

! Proceed with [page 6, #7](#)

Option: Rainshield

Attractants

Option: "BG-Lure"

Option CO₂: Dry Ice

A

Option CO₂: Gas Bottle

B

Option: LED light

Some mosquito species are additionally attracted by light. In this case, you can add a LED band to the top of the upper cylinder. Please note: there are also mosquito species that are repelled by the LED light, such as *Aedes albopictus*.

Power
